EXAMINER'S AMENDMENT AND REASONS FOR ALLOWANCE

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Charles A. Muserlian on March 27, 2005.

The application has been amended as follows:

In claims 16-18 and 20-23, delete "SEQ ID No:" and insert therefor
--SEQ ID NO:--;

In claim 17, line 3, delete "neucleotide" and insert therefor
--nucleotide--;

In claim 23, line 2, delete "electrphoretic" and insert therefor
--electrophoretic--.

The following is an examiner's statement of reasons for allowance:

Applicants have overcome all of the previous rejections. By changing the claims to read "electrophoretic homogeneity" and limiting the claims to SEQ ID NO:1 or 2 they have overcome the previous 35 USC § 112 first paragraph rejections. The art rejections have been overcome by the instant amendment and the Furstoss declaration.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Charles L. Patterson, Jr., PhD, whose telephone number is 571-272-0936. The examiner can normally be reached on Monday - Friday from 7:30 to 4:00.
